

# IWGO

International Working  
Group on *Ostrinia* and  
other maize pests

## 23rd IWGO Conference & 2nd International Conference of *Diabrotica* Genetics

5 to 8 April 2009  
Munich, Germany

The International Working Group on *Ostrinia* and other  
Maize Pests (IWGO)

is a Working Group of the International Organization of  
Biological Control – Global (IOBC - Global)

## **ORGANIZING COMMITTEE**

### **IWGO CONVENORS**

Dr. Ulrich KUHLMANN (Convenor)  
CABI Europe-Switzerland  
Rue des Grillons 1, 2800 Delémont, Switzerland  
[u.kuhlmann@cabi.org](mailto:u.kuhlmann@cabi.org)

Prof. C. Richard EDWARDS (Co-Convenor)  
Department of Entomology, Purdue University  
901 West State Street, West Lafayette, Indiana 47907-2089, U.S.A.  
[edwards@purdue.edu](mailto:edwards@purdue.edu)

Prof. WANG Zhen-ying (Co-Convenor)  
Institute of Plant Protection, Chinese Academy of Agricultural Sciences  
No.2 West Yuanmingyuan Road, Beijing 100094, P.R. China  
[zywang@ippcaas.cn](mailto:zywang@ippcaas.cn)

### **SCIENTIFIC SESSION ORGANIZERS**

Dr Lukas SCHAUB, Agroscope Changins-Wädenswil ACW, Nyon, Switzerland

Dr. Justus WESSELER, University of Wageningen, The Netherlands

Dr. Udo HEIMBACH, Julius Kühn Institute (JKI), Braunschweig, Germany

Dr. Tom SAPPINGTON, USDA-ARS, Ames, Iowa, U.S.A.

Dr. Denis BOURGUET, INRA, Montpellier, France

Dr. Thomas GUILLEMAUD, INRA, Sophia Antipolis, France

Dr. Blair SIEGFRIED, University of Nebraska, Lincoln, NE, U.S.A.

Dr. Stefan TOEPFER, CABI c/o Plant Protection Directorate, Hodmezovasarhely, Hungary

Dr. Rick HELLMICH, Iowa State University, Ames, Iowa, U.S.A

Dr. Xavier PONS, University of Lleida, Spain

Dr. Lorenzo FURLAN, University of Padova, Legnaro, Italy

Prof. C. Richard EDWARDS, Purdue University, W. Lafayette, Indiana, U.S.A.

Dr. WANG Zhen-Ying, Plant Protection Institute, Beijing, P.R. China

### **LOCAL ORGANIZATION**

Dr. Michael ZELLNER  
Bavarian State Research Centre for Agriculture  
Lange Point 10; D-85354 Freising; Germany  
[Michael.Zellner@LfL.Bayern.de](mailto:Michael.Zellner@LfL.Bayern.de)

### **CONFERENCE ORGANIZER**

KCS Convention Service  
Agency for Conference & Convention Management  
Rue des Chenes 12, 2800 Delémont, Switzerland  
[KCS.Convention@bluewin.ch](mailto:KCS.Convention@bluewin.ch)

## **SPONSORS**

*We would like to thank the following sponsors for providing support to organize the 23rd IWGO Conference at Munich, Germany:*

# **SCIENTIFIC PROGRAMME**

**23rd IWGO Conference &  
2nd International Conference  
of *Diabrotica* Genetics**

# **SCIENTIFIC PROGRAMME**

## **Sunday, 5 April 2009**

**16:00 Welcome Coffee & Tea – angelo Design Hotel, Leuchtenbergring 20, Munich**

**16:00 Registration – angelo Design Hotel Lobby**

- Provision of PowerPoint Oral Presentations on CD or USB Memory Stick**

**19:00 Welcome Reception and Buffet – angelo Design Hotel**

- Welcome Address, Michael ZELLNER, IWGO Conference Local Organizer**
- Welcome Address and Organizational Issues for the IWGO Conference, Ulli KUHLMANN, IWGO Convenor**

## **Monday, 6 April 2009**

**07:30 Registration – Conference Location Amt für Ländliche Entwicklung, Industriestrasse 1, Munich (transfer from angelo Design Hotel to conference location by public transport)**

**08:30 Welcome Address**

- C. Richard EDWARDS, IWGO Co-Convenor**

**08:40 Opening Address:**

- Josef Huber, General Director, Bavarian State Ministry of Food, Agriculture and Forestry**

**09:00 Scientific Session 1**

## **09:00 Scientific Session 1**

### **Session 1: Evaluation of *Diabrotica* eradication and containment measures**

Session Organizers: Lukas SCHAUB, Agroscope Changins-Wädenswil ACW, Nyon, Switzerland

09:00	L. Schaub	Introduction
09:05	P. Baufeld	Current situation of the western corn rootworm ( <i>Diabrotica virgifera virgifera</i> ) in Europe
09:25	<u>D.P. Eyre</u> , R.J. Cannon, R.H.A. Baker, G. Nettleton & J. Miller	Surveying for <i>Diabrotica virgifera virgifera</i> in the UK: 2003-2008
09:45	M. Glas, H. Imgraben, R. Kaelberer & <u>B. Staer</u>	The situation of <i>Diabrotica virgifera virgifera</i> (WCR) in Baden-Wuerttemberg (BW) and experiences with eradication measures
10:05	U. Benker, C. Boegel & M. Zellner	<i>Diabrotica virgifera virgifera</i> in Bavaria - current situation
10:25	<u>L. Furlan</u> , G. Burgio, V. De Luigi V., S. Palmieri, M. Vettorazzo & G. Zanini	The <i>Diabrotica virgifera virgifera</i> eradication in Venice focus area has been accomplished
10:45	<u>L. R. Carrasco</u> , T. D. Harwood, S. Toepfer, A. MacLeod, N. Levay, J. Kiss, R.H.A. Baker, J.D. Mumford & J.D Knight	Dispersal kernels of the western corn rootworm and assessment of the effectiveness of buffer zones in eradication and containment programmes in Europe

## **11:05 Coffee/Tea Break & Posters**

## **11:30 Scientific Session 2**

### **Session 2: Economics and policy of *Diabrotica* control**

Session Organizer: Justus WESSELER, University of Wageningen, The Netherlands

11:30	J. Wesseler	Introduction
11:45	<u>J. Wesseler</u> & E. Fall	Benefits and costs of <i>Diabrotica virgifera virgifera</i> control in Europe
12:05	<u>K. Dillen</u> , T Van Looy & E. Tollens	Socio-economic assessment of the invasive species <i>Diabrotica virgifera virgifera</i> in Central Europe
12:25	<u>Z. Dun</u> & P. Mitchell	Estimating <i>Diabrotica virgifera virgifera</i> damage functions with field trial data
12:45	<u>H. Kehlenbeck</u> & W. Bokelmann	Costs and benefits of plant health measures to prevent establishment and spread of <i>Diabrotica virgifera virgifera</i> in Germany

## **13:05 Lunch Break & Posters**

## **14:00 Scientific Session 3**

## **14:00 Scientific Session 3**

### **Session 3: Exposure of honey bees to insecticides released from abrasion of treated maize seeds during sowing: where do we go from here?**

*Session Organizer: Udo HEIMBACH, Julius Kühn Institute (JKI) - Institute for Plant Protection, Braunschweig, Germany*

14:00	U. Heimbach	Introduction
14:05	J. Pistorius & G. Bischoff	Insecticidal seed treatments and honeybee poisoning incidents in Germany 2008 – background and facts
14:25	U. Heimbach, M. Stähler	Quality of maize seed treatments regarding dust
14:45	U. Heimbach, D. Rautmann & H. Ganzelmeier	Influence of sowing technique of maize on drift of dust
15:05	R. Friessleben, T. Schad, R. Schmuck, H.-F. Schnier, R. Schoenning & A. Nikolakis	An effective risk management approach to prevent bee damage due to the emission of abraded seed treatment particles during sowing of neonicotinoid treated maize seeds
15:25	G. Thomas; J.M. Laporte; M. Urban; T. Block	CRUISER in France - Stewardship and monitoring results of the season 2008

## **15:45 Coffee/Tea Break & Posters**

## **16:15 Scientific Session 4**

### **Session 4: Toward a synthesis: recent advances in understanding Ostrinia adult behaviour**

*Session Organizers: Tom SAPPINGTON, USDA-ARS, Ames, Iowa, U.S.A. and Denis BOURGUET, INRA, Montpellier, France*

16:15	T.W. Sappington	Introduction
16:20	M.E. O'Rourke, T.W. Sappington & S.J. Fleischer	C-isotope survey of natural refuge use by European corn borer pheromone races in the U.S.: Implications for resistance management
16:40	P.G. Milonas & D.A. Andow	Male mating success is unrelated to direct fitness costs to females
17:00	D. D. Calvin, K. Ellis & S.M. Spangler	The role of European Corn Borer female movement in selection of oviposition sites, the preference-performance hypothesis, and pest management
17:20	D. Bourguet & S. Ponsard	Dispersal behavior and gene flow of European corn borer in France
17:40	T.W. Sappington & K.S. Kim	ECB dispersal at small and large scales: New insights, maddening mysteries, and the elusive unified theory of everything

## **18:00 End Scientific Sessions**

## **18:00 Departure from Conference Location to Restaurant by Public Transport**

## **19:00 Dinner**

## **Tuesday, 7 April 2009**

**08:30 Daily Announcement**

**08:35 Scientific Session 5**

### **Session 5: *Diabrotica* genomics: advances and prospects**

Session Organizers: Tom SAPPINGTON, USDA-ARS, Ames, Iowa, U.S.A.

08:35	T.W. Sappington	Introduction
08:40	N. J. Miller, & <u>T. W. Sappington</u>	Genomics resources for WCR and prospects for a genome sequencing project
09:00	Charlie Whitfield	SNP marker development for WCR using a high throughput sequencing platform
09:20	K. Oswald, M. Bagley, B.W. French & C. Nielsen	Preliminary linkage map of the western corn rootworm genome and Quantitative Trait Loci (QTL) for growth
09:40	D. Grant	Creating WCRbase: An interactive community-wide home for western corn rootworm genomics data

**10:00 Coffee/Tea Break & Posters**

**10:30 Scientific Session 6**

### **Session 6: Evolution and population genetics of *Diabrotica***

Session Organizer: Thomas GUILLEMAUD, INRA, Sophia Antipolis, France

10:30	T. Guillemaud	Introduction
10:35	K. Oswald, M. Bagley, U. Stolz, B.W. French & C. Nielsen	Population structure and demography of western corn rootworm sampled from across its US range
10:55	M. Ciosi, N. J. Miller, S. Toepfer & <u>T. Guillemaud</u>	Increase of genetic variation during the colonization process of Central and South-Eastern Europe by <i>Diabrotica virgifera virgifera</i>
11:15	M. Ciosi, N.J. Miller, K.S. Kim, R. Giordanno, A. Estoup & T. Guillemaud	Invasion of Europe by the western corn rootworm: multiple transatlantic introductions with various reductions of genetic diversity
11:35	H. Li, St. Toepfer, T. Haye, Th. Guillemaud & U. Kuhlmann	Differences between disparately invading as well as crossbred populations of <i>D. v. virgifera</i> in Europe
11:55	<u>K.M. Mikac</u> & R. Bažok	Landscape genetics of the invasive western corn rootworm <i>Diabrotica virgifera virgifera</i> (Coleoptera: Chrysomelidae) in Croatia

**12:15 Lunch Break & Posters**

**13:30 Scientific Session 7**

## 13:30 Scientific Session 7

### Session 7: Adaptations of *Diabrotica* to control practices in maize

*Session Organizers:* Blair SIEGFRIED, University of Nebraska, Lincoln, NE, U.S.A. & Tom SAPPINGTON, USDA-ARS, Ames, Iowa, U.S.A.

13:30	B. Siegfried & T.W. Sappington	Introduction
13:35	B. E. Hibbard	Western rootworm adaptation to genetically modified corn
13:55	L.M. Knolhoff	Behavioral characterization and differential gene expression of the rotation-resistant phenotype of western corn rootworm
14:15	<u>M. Bagley</u> , K. Oswald, W. French & C. Nielsen	Fitness of <i>Bt</i> -resistant western corn rootworm on Mon863 and isoinline corn
14:35	<u>A.P. Alves</u> , O. Dermody & S.D. Thompson	Characterizing laboratory colonies of western corn rootworm, <i>Diabrotica virgifera virgifera</i> LeConte, selected for survival on maize containing event DAS-59122-7

### 14:55 Honorary Lecture

14:55	S. Toepfer	Introduction
15:00	S. Derridj	Induced changes of maize by foliar application of soluble carbohydrates, incidence on plant and <i>Ostrinia nubilalis</i> : outlooks for maize protection against <i>Diabrotica virgifera virgifera</i>

### 15:20 Coffee/Tea Break & Posters

## 15:50 Scientific Session 8

### Session 8: Knowing your enemy: investigating maize pest ecology to improve control strategies

*Session Organizer:* Stefan TOEPFER, CABI Europe c/o Plant Protection Directorate, Hodmezovasarhely, Hungary

15:50	S. Toepfer	Introduction
15:55	<u>M. Szalai</u> , N. Levay, S. Toepfer & J. Kiss	How to develop discrete spatiotemporal population models for the western corn rootworm at landscape level
16:15	<u>M. Schumann</u> & S.Vidal	Changes in western corn rootworm below ground distribution during larval development
16:35	<u>B. Kurtz</u> & S. Vidal	Does chronological order matter? Western corn rootworm larvae and their interactions with root infecting <i>Fusarium verticillioides</i>
16:55	<u>M. Erb</u> , E. de Lange, C. Planchamp, N. Foresti, D. Karlen, C. Lenk, V. Flors, J. Ton, J. Degenhardt, & T.J.C. Turlings	Root feeding by <i>Diabrotica virgifera</i> changes shoot-physiology and resistance against <i>Spodoptera littoralis</i> in maize- and vice versa
17:15	T.C.J. Turlings, I. Hiltbold, M. D'Alessandro, J. Ton, M. Erb, M. Held, G. von Merey, E. de Lange, T. Degen, J. Degenhardt, J. Gershenson, T.G. Koellner, S. Toepfer, U. Kuhlmann, M. Frey, A. Gierl, & B.E. Hibbard	Enhancing plant signals to optimize the control of maize pests

### 17:35 End Scientific Sessions

### 17:35 IWGO Business Meeting

**17:35 IWGO Business Meeting**

**18:15 Departure from Conference Location to Reception by Public Transport. Reception takes place at the “Bayerische Staatsministerium für Ernährung, Landwirtschaft und Forsten”, Großer Sitzungssaal, Ludwigstraße 2, Subway exit Odeonsplatz.**

**19:00 Reception and Buffet by Invitation of the Bavarian State Ministry of Food, Agriculture and Forestry represented by the General Director Josef Huber**

**Wednesday, 8 April 2009**

**08:30 Daily Announcement**

**08:35 Scientific Session 9**

**Session 9: Current issues with managing insect resistance to genetically modified maize**

Session Organizers: Rick HELLMICH, USDA-ARS, Corn Insects and Crop Genetics Research Unit, Ames, Iowa, U.S.A. & Blair SIEGFRIED, University of Nebraska, Lincoln, NE, U.S.A.

08:35	R. Hellmich	Introduction
08:40	K.L. Steffey & M.E. Gray	Transgenic <i>Bt</i> corn, IRM, and IPM - Issues and opportunities
09:00	R.L. Hellmich, S.E. Moser, B.D. Siegfried, D.W. Onstad & J.R. Prasifka	Possible new approaches to manage insect resistance for the next generation of <i>Bt</i> maize hybrids
09:20	L.N. Xu, K.L. He, Z.Y. Wang & J. Zhang	Cross-resistance of Cry1Ab-selected Asian corn borer to other Cry toxins
09:40	M. Eizaguirre, C. López, F. Madeira, B. Lumbierres, X. Pons & R. Albajes	Changes in pest occurrence due to the deployment of <i>Bt</i> -maize: the Spanish case
10:00	O. Dermody, C. Bremer, A. Alves, S. Thompson & E. Owens	Research needs from industry: understanding and minimising the potential for resistance development in target pests

**10:20 Coffee/Tea Break & Posters**

**10:50 Scientific Session 10**

## **10:50 Scientific Session 10**

### **Session 10: Inventory of maize pest of economic importance in Europe**

Session Organizer: Xavier PONS, University of Lleida, Spain

10:50	X. Pons	Introduction to the EU Project ENDURE
11:10	P. Mouron, X. Pons, S. Otto, B. Melander, E. Czembor, J. Kiss, S. Guillot, R. van der Weide, O. Zimmermann, and F. Bigler	The Maize Case Study of ENDURE – Current status of weeds, diseases and mycotoxins
11:30	X. Pons, J. Kiss, S. Otto, B. Melander, E. Czembor, S. Guillot, R. van der Weide, O. Zimmermann, F. Bigler & P. Mouron	Present status of maize arthropod pests in ENDURE countries
11:50	L. Cagan	Maize pest status in Slovakia

## **12:10 Lunch Break & Posters**

## **13:30 Scientific Session 11**

### **Session 11: Wireworms, cutworms and other soil pests: how to implement IPM in the early stages of maize production**

Session Organizer: Lorenzo FURLAN, University of Padova, Legnaro, Italy

13:30	L. Furlan	Introduction
13:35	M. Tóth, I. Szarukán, L. Furlan & J. Vüts	Female targeted floral lure for the click beetle <i>Agriotes ustulatus</i> (Coleoptera: Elateridae)
13:50	A. Peters, R.L. Gwynn, S. Töpfer, G. Grabenweger	Entomopathogenic nematodes for controlling maize insect pests
14:05	W.E. Parker	Recent developments in <i>Agriotes</i> wireworm monitoring and control
14:20	N. Schallhart, K. Staudacher, C. Wallinger & M. Traugott	<i>Agriotes</i> feeding ecology and implications for wireworm control
14:35	W.C. Bailey	Monitoring and IPM strategies for wireworm in seedling maize
14:50	L. Furlan	Can we produce maize without soil and seed treatment insecticides?
15:05		Discussion for all speakers in Session 11

## **15:20 Coffee/Tea Break & Posters**

## **15:50 Scientific Session 12**

**15:50 Scientific Session 12****Session 12: Practicing of IPM within modern maize production systems**

*Session Organizers: C. Richard EDWARDS, Purdue University, Lafayette, U.S.A. & Zhenying WANG, Institute of Plant Protection, CAAS, Beijing, China*

15:50	Z. Wang & C.R. Edwards	Introduction
15:55	H.G. Drobny, A. Bassi, J.A. Wiles, J.L. Rison, M. Lechner & P. Selzer	DuPont™ Coragen® (Rynaxypyr®): A new standard with a novel mode of action for the control of the European Corn Borer ( <i>Ostrinia nubilalis</i> )
16:15	S. Fernandez, T. Vaughn & G. Blache	New biotechnological tools potentially available for the control of maize pests in Europe
16:35	M. Meissle & J. Romeis	Impact of Cry3Bb1-expressing <i>Bt</i> maize on adult <i>Diabrotica v. virgifera</i>
16:55	B. Cong; C.C. Yang; H.T. Qian; H. Dong	Theory and practice on applying <i>Trichogramma dendrolimi</i> to Control Asian Corn Borer in northern China
17:15	G. Grabenweger	Biological control of western corn rootworm larvae with entomopathogenic nematodes

**17:35 End of Scientific Sessions****18:00 Departure from Conference Location to Restaurant by Public Transport****19:00 Dinner**

# POSTER PRESENTATIONS

Poster 01	<u>M. Bertossa</u> , L. Schaub & L. Colombi	Containment strategy of <i>Diabrotica v. virgifera</i> , the Swiss model
Poster 02	<u>B. Cong</u> ; H.T. Qian; H. Dong & H.Y. Zhang	Potential of applying artificial induced thelytokous line of <i>Trichogramma dendrolimi</i> for suppression of Asian corn borer
Poster 03	H.E. Hummel	Are there realistic chances for future <i>Diabrotica</i> management in Europe? Some highlights from WCR in Germany, Slovenia, Romania and Switzerland
Poster 04	<u>M. Zellner</u> , K.F. Lauer, A. Fora & H. Graepel	Research into the population dynamics, the host plant specificity and the economic threshold of <i>Diabrotica virgifera virgifera</i> LeConte
Poster 05	<u>K. Gloyna</u> , D. Voigt & T. Thieme	Sexual dimorphism of WCR – a review of morphological characters and novel data on the hairless patch of male tarsi
Poster 06	<u>D.D. Calvin</u> , J. M. Russo, J. W. Schlegel, J. A. Hyde, D.A. Miller & S. Crawford	The BT Economic Analysis Tool (BET) for maize management
Poster 07	S. Rauschen	Maize pests in central Europe: data from 6 years of environmental risk assessment research with <i>Bt</i> -maize
Poster 08	<u>S. Canzi</u> , L. Furlan & M. Agosti	Evaluation of the effect of combined insecticide treatments against adults and seed coatings on <i>Diabrotica virgifera virgifera</i> and ECB populations
Poster 09	<u>M. Subchev</u> , T. Toshova, L. Furlan & M. Tóth	Click beetles (Coleoptera: Elateridae) and their seasonal swarming in maize crops in the region of Danubian Plain in Bulgaria
Poster 10	K. Staudacher, L. Furlan & <u>M. Traugott</u>	Identifying <i>Agriotes</i> larvae using a DNA-based approach
Poster 11	<u>J. Vuts</u> , L. Furlan, I. Szarukán & M. Tóth	Is the pheromone of <i>Agriotes</i> click beetles a "classical" sex pheromone?
Poster 12	<u>M. Agosti</u> , L. Michelon, C.R. Edwards & L. Bortolotti	Western corn rootworm larval head capsule widths in irrigated fields in northern Italy
Poster 13	<u>R. Bažok</u> , I. Sivčev, J. Igrc Barčić, T. Kos & J. Kiss	Comparison of the Pherocon AM trap and „The Whole Plant Count“ data for estimating WCR adult densities in two regions in Central Europe
Poster 14	<u>A. Brkić</u> , M. Ivezić, I. Brkić, E. Raspuđić & D. Šimić	Two-year experiment of field screening in maize germplasm for resistance and tolerance to <i>Diabrotica virgifera virgifera</i> LeConte in Eastern Croatia
Poster 15	<u>O. Dermody</u> , E. Owens & C. Bremer	DAS-1507 (Herculex™ I): A new tool for control of maize Lepidoptera in Europe
Poster 16	<u>Hans E. Hummel</u> , S. Dinnesen, S. Modic, G. Urek & C. Ulrichs	Western corn rootworm in confrontation mood: Simultaneous geographic and host spectrum expansion in southeastern Slovenia and other European countries
Poster 17	A. Kozina, J. Igrc Barcic, <u>R. Bazok</u> & T. Kos	Distribution and abundance of <i>Agriotes ustulatus</i> in three regions in Croatia
Poster 18	D. Dzoic, <u>M. Ivezic</u> , E. Raspuđić, M. Brmez, I. Majic & J.J. Tollefson	Emergence and the optimum time for scouting of western corn rootworm based on ovarian development and accumulated degree-days
Poster 19	<u>N. Karic</u> & M. Majdancic	Influence of weather conditions on the western corn rootworm adult population density in Bosnia and Herzegovina
Poster 20	<u>B. Kurtz</u> , F. Dematheis, C. Venjakob, K. Smalla & S. Vidal	Incorporated from the rhizosphere – Fungal communities in the gut of western corn rootworm larvae
Poster 21	<u>H. Li</u> , St. Toepfer & U. Kuhlmann	How to make a bioassay about life history traits of <i>Diabrotica v. virgifera</i> ?
Poster 22	X. Li	The occurrence and damage of <i>Scotinophora horvathi</i> Distant in maize and its control considerations
Poster 23	<u>Š. Modic</u> , P. Kozmus & G. Urek	Similar hatching pattern of larvae of <i>Diabrotica v. virgifera</i> due to interruption of overwintering

Poster 24	C. Noronha	"The Stem Crusher": An new and innovative way to manage the European corn borer, <i>Ostrinia nubilais</i> (Hübner) (Lepidoptera:Crambidae) in potatoes
Poster 25	<u>E. Raspudic</u> , M. Ivezic, M. Brmez & I. Majic	Susceptibility of Croatian maize hybrids to European corn borer
Poster 26	<u>M. Schumann</u> & S. Vidal	Noninvasive methods for evaluating western corn rootworm larval behaviour and maize root growth
Poster 27	Z. Svobodova, O. Habustova, H.M. Hussein, P. Dolezal	Insect communities on the <i>Bt</i> and control maize plants
Poster 28	<u>Stefan Toepfer</u> , Ralf-Udo Ehlers, Regina Burger, Arne Peters & Ulrich Kuhlmann	Biological control of <i>Diabrotica</i> larvae using nematodes
Poster 29	<u>S. Toepfer</u> , Š. Modic, C. Pilz, I. Grozea, F. Toth & U. Kuhlmann	Is the invasive alien western corn rootworm attacked by indigenous natural enemies in Europe?
Poster 30	<u>Z.Y. Wang</u> , K.L. He & S.X Bai	Galerucid beetle, <i>Monolepta hieroglyphica</i> (Motschulsky), a potential major insect pest of maize in northern China
Poster 31	<u>St. Toepfer</u> & U. Kuhlmann	Natural mortalities of western corn rootworm populations in Europe
